## TOTS FATALLY HURT IN CRASH ON ROUTE 30

Two little children, who had spent a pleasant afternoon Thursday with their grandmother, Mrs. Irving Bengal, Gettysburg R. 5, operator of Agnes Beauty Parlor, were fatally injured shortly after they left Adams County when the car in which they were riding, operated by their mother, was involved in a collision with a truck at Thomasville while the family was enroute to its home in York.

The mother, Mrs. Lucia Russo Dobbins, 22, is in a very serious condition in the West Side Osteopathic Hospital, York.

Four-year-old Michael Patrick Dobbins died at 4:25 o'clock Thursday afternoon, one hour after the accident. York Deputy Coroner Dr. Walter C. Hill said the death was caused by a brain injury.

### Second Death

His sister, Patricia Ann Dobbins, 15 months old, died at 11:30 p.m. at the hospital. She suffered a cerebral hemorrhage, skull fracture and multiple cuts of the face and head.

Mrs. Dobbins had cuts of the forehead, head and right knee, and fractures of the nose, right knee and leg.

State police said the accident occurred when the car, being driven east by Mrs. Dobbins, crashed into the rear of a truck driven by Andrew Hasay, 45, of Cambria, Luzerne County.

### Funeral Set

In addition to the mother, the children are survived by their father, Richard Dobbins, W. Market St.; the paternal grandparents, Mr. and Mrs. Irving Bengal, Gettysburg R. 5, and the maternal grandparents, Mr. and Mrs. Joseph Russo, Tom's River, N. J.

Funeral services for the two children will be conducted Monday at 10:30 a.m. in the Peters Funeral Home by the Rev. Anthony Kane. Burial will be in the Catholic Cemetery, New Oxford.

## JAYCEES PLAN TO CAMPAIGN FOR COURTESY

Plans to promote courtesy on the highway and on the streets of Gettysburg were described Thursday evening at a meeting of the Gettysburg Junior Chamber of Commerce at the Western Maryland Railway station.

Saturday afternoon the courtesy on the highways part of the campaign will be stressed in connection with the annual Teen-Age Safe Driving Road-o to be held at Gettysburg High School, with approximately 30 high school students taking part. Examinations on knowledge of courtesy of the road and motor codes were given during this week to the participating students. In addition, any driver who is not yet 19 and who has not taken the written examination can participate by reporting at Gettysburg High School at 1 o'clock Saturday afternoon to take the written test under John O'Brien, driving instructor, before taking part in the driving test. The public is invited to watch the driving test at the local high school Saturday afternoon.

### List 60 Projects

Courtesy on the streets of the town will be a summer-long project of all the Jaycees. Yellow courtesy cars were distributed to all members. The cards bear an inscription stating that the Jaycees welcome the tourist to the town, noticed that the parking meter time was about to expire, and the Jaycees placed another nickel in the meter to prevent an arrest. Last year the program was carried out on a less extensive scale and the Jaycees received a number of "thank you" letters from tourists aided. Co-chairmen for the campaign were announced as Paul Ketterman and Jack Lühr.

Approximately 60 projects were adopted for the coming Jaycee year. Many of them are similar to prior year's activities. Among the proposed events are the courtesy card campaign, three record hops, chaperoning of senior class party, junior golf tournament, antique show, fly-in.

### Going To Convention

A get-out-the-vote campaign, all sports night, Santa's Shanty, Christmas shopping trip for orphans, Religion in Life campaign, weekly football awards at Gettysburg High School during the season, and several new events.

## Physics Professors Attend PSU Meet

Professors Howard C. Long, Theodore C. Daniels, Walter James Scott and David Weaner, all members of the physics department at Gettysburg College, are attending the Central Pennsylvania section of the American Association of Physics Teachers' convention at Pennsylvania State University today and Saturday.

Dr. Long is secretary-treasurer of the Central Pennsylvania section and is presiding over this afternoon's meetings.

Prof. Weaner will present a paper on "The Van der Graaf Generator in Nuclear Experimentation." Included in this afternoon's program is a guided tour of the "swimming pool" nuclear reactor at Penn State.

## OPEN SEWER, WATER BIDS AT NEW OXFORD

Two Carlisle firms were low bidders on five of the six contracts for the construction of the New Oxford sewer system, disposal plant and water system improvement. Low bids on the six contracts, opened at a meeting of the New Oxford Municipal Authority Thursday night, totaled \$674,758.

Reisinger Brothers, Inc., Carlisle, was low bidder on contract 1, sewage disposal plant and ejector stations, at \$200,000; contract 2, sanitary sewerage system and water line extensions, \$303,641.03; and contract 3, water treatment plant additions and water storage facilities, \$140,500. Frank L. Black, Carlisle, was low bidder for plumbing and heating contracts at the disposal plant at \$3,073 and \$3,544, respectively. I. B. Abel Son, Inc., York, was low bidder for electrical work for the water and sewage plants at \$24,000.

All bids were referred to the engineer for review and tabulation. Awarding of contracts will necessarily follow sale of the authority bonds — it is estimated that an issue of \$890,000 will be required.

### 40 Years To Pay

Sewer connection fees and water and sewage rates will be keyed to the costs of operation, maintenance and the retiring of the authority bonds which are to be set up on a 40-year amortization plan.

Rates will probably be set by the borough council at its meeting May 4. Tracy E. Greenlund, of Tracy Engineers, Inc., Harrisburg, recommended that a \$200 connection fee be required for "each family unit" and connection fees scaled upwards for residential and industrial users. For a retail store, he suggested \$250.

### To Buy Drainage Co.

Greenlund said that the water and sewer charges for the average family will probably total between \$8 and \$9 per month. He emphasized that this is a "preliminary" figure. A specific rate basis will be recommended in his report to be made to the authority and the council May 4. Greenlund said that the bids were slightly higher than he had anticipated but that a few favorable factors had been turned up which may work to keep the overall cost near to estimates made last September.

## Second Cache Of Arms Found On Panama Beach

PANAMA (AP) — National Guardsmen today reported finding a second cache of arms on the beach where Roberto Arias and a rebel band landed six days ago. Arias, fugitive husband of ballerina Dame Margot Fonteyn, was still eluding patrols searching the coast and hills around Santa Clara, 75 miles west of the capital.

The rebels were believed well armed. Several empty boxes which officials said presumably contained rifles were found.

The latest arms cache included 24 pistols, 3 revolvers, 5 loaded cartridge belts and 1,000 rounds of ammunition. A similar cache was found Wednesday.

### Aware Of Plot

A government prosecutor said new evidence showed that Dame Margot was aware of her 41-year-old husband's plot to overthrow President Ernesto de la Guardia. The famed British dancer was expelled from Panama Wednesday after questioning. She professed ignorance of any revolutionary activities. She flew to New York and on to London Thursday.

## WILL PRESENT VOCAL RECITAL THIS EVENING

The Gettysburg College Music Department will present Miss Florence A. Duckworth, soprano and George D. Myers, baritone, in a senior vocal recital this evening at 8 o'clock in Brua Hall.

Miss Duckworth began her singing career with a high school chorus in Sharon Hill. She started studying voice in her junior year in high school and has continued this study at Gettysburg College with Miss A. Marie Budde.

During her freshman year she sang with the college's Chapel Choir, and was soprano soloist a number of times. For the past three years she has been a soloist with the College Choir.

In the summer of 1957 Miss Duckworth sang with the Philadelphia Orchestra chorus at the Robin Hood Dell. Last summer she was soloist with the Chester, Pa., concert band.

### Sang In Opera

Myers began his singing career at Haverford Twp. High School, Havertown, doing lead parts in Gilbert & Sullivan operettas. In his senior year he was chosen soloist for the Tri-County Concert Music Festival, composed of high school students from the area.

For the past three summers, Myers has studied at the Studio of Song, a summer workshop in Lake George, N. Y. There he has taken major roles in such things as Menotti's "The Telephone," Verdi's "Rigoletto" and Puccini's "La Boheme." He also was soloist with the Don Johnson Singers, a night club act.

In 1955, he was awarded scholarships to The Vocal Arts Academy of Philadelphia and the Oberlin Conservatory of Music in Oberlin, Ohio. In 1958 he was accepted as a student at the Curtis Institute of Music in Philadelphia.

At Gettysburg he has been a church soloist and a member of the college choir for two years. He is a pupil of R. Henry Ackley.

### MUST REPAIR SCHOOL

Among parochial schools ordered Thursday at Harrisburg to make repairs to reduce fire hazards was Sacred Heart School, Conewago Twp., Hanover R. 4, cover ceiling in basement with fire resistive construction; enclose all internal stairways with fire resistive construction, and provide hallway from classrooms to fire escape.

## This Time He Wasn't Bluffing

SAN ANTONIO, Tex. (AP) — Ernest Ruffo Jr., 18, often threatened to kill himself when he and his girl friend argued.

Ruffo wanted to take the girl, Janice Rieck, 15, to a parade today. Miss Rieck said she was going with a girl friend.

The youth threatened again to kill himself. He tried a hangman's noose in a length of rope while the girl watched.

He left a suicide note in the Rieck living room, Detective Frank Castillon said.

His body was found Thursday night hanging from a rafter in the tool shed at the Rieck home.

"I thought he was just trying to scare me," sobbed Janice.

## SAY 200 APPLE GROWERS IN PA. IN NEW GROUP

Members of the recently organized Pennsylvania Fruit Marketing Association held their first annual meeting Thursday evening at the Biglerville High School and learned that more than 200 Pennsylvania fruitmen already have joined their ranks.

Reports showed apple growers from many parts of the state have signed member-grower agreement pledging active support to the movement they expect will bring "more reasonable and equitable apple prices to the industry this fall."

The association was formed last fall in the four-state Appalachian apple area.

### Adopt Bylaws

Thursday's meeting was attended by more than 100 growers with President William M. Lott, Gardners R. D., presiding. He introduced members of the board of directors from apple growing areas in the state and they gave reports on membership campaign progress.

Bylaws for the state organization were adopted. Reports showed the growers already enrolled represent a processed apple tonnage of 1,500,000 bushels, officers said.

Mr. Lott introduced Kenneth Robinson, Winchester, Va., as the guest speaker. Robinson has led the four-state movement to unite growers into bargaining groups. He said Pennsylvania is in the lead in both membership and organization. Robinson added that active bargaining groups are gaining members and apple tonnage.

## ARGUMENT IN MOTOR LODGE CASE IS HEARD

The Adams County court today was asked to determine whether the owners of Colt Park meant that all of its area was to be devoted to housing, or whether they intended only a portion of the land they purchased from the Johns estate be devoted to homes, retaining part for commercial development.

Attorneys for both the Steinwehr Development Co. and Paul and Jean Witt, Highland Ave., presenting arguments to the court in the equity action brought by Witt against Steinwehr Development Co. to prevent construction of a Howard Johnson Motor Lodge at the Steinwehr Ave. edge of the Colt Park area, admitted that the intent of the developers would be binding in the case.

### Lawyers Cite Intent

Attorneys Edward B. Bulleit and Daniel E. Teeter, for the Development Co., claim that restrictions were placed on properties within the Colt Park section but that those restrictions did not indicate that all of the land owned by the Colt Park company was subject to restrictions. They pointed to lower values placed on land along Johns St., and the planting of trees to screen business places as indicating the intent was to provide a choice development area in part of the land, but that the restrictions did not extend to all of it.

They also held that Witt, before purchasing a lot in the area, had been shown a map which designated an area along Steinwehr Ave. for commercial development.

Bulleit declared that "when the mask is off, the reason for the suit is that Mr. Witt owns a motel across the street from the proposed Howard Johnson Motor Lodge and does not want competition." But he said that the motives for bringing the suit could not be counted if a right was violated.

### "Enforce Restrictions"

Attorneys Richard A. Brown and H. Thomas Pyle represented the Witts. Pyle claimed that "while the law does not favor restrictions generally, the law also holds that where restrictions do apply they will be enforced."

He declared that officials of the Colt Park company, at a hearing on condemnation of part of the property for a new school, said "all of the area" was restricted. He said that nothing was mentioned "about the part now considered for commercial development because it was of no value for providing for commercial development."

The court today learned that Ninth Grade students of three high schools will visit the courthouse and courtroom during the first week of trials May 4 at 9 a.m. York Springs students will be present; May 4 at 1 p.m. and May 5 at 1 p.m., Littlestown; May 5 at 9 a.m., East Berlin, and May 6, at both 9 a.m. and 1 p.m., New Oxford.

## Boy Scouts Will Collect Paper Here

Boy Scout Troop 79, out to raise money for camping equipment for the summer months, will conduct a paper drive in the western part of the town on Saturday morning and afternoon.

Covering sections west of Carlisle and Baltimore Sts., the Scouts are asking that residents place their collection of paper along curbs or on front porches where the Scouts can pick them up readily. The Scouts are asking for newspapers, magazines, rummage and wire clothes hangers, their leaders said.

## RICE TO HEAD COMMITTEE ON SPECIAL GIFTS

The special gifts committee for Gettysburg College's capital funds drive to raise five million dollars in five years has been announced by Gen. Willard S. Paul, president.

John S. Rice, chairman of the board of trustees, is chairman of the general campaign committee. John A. Apple, Sunbury, vice chairman of the board of trustees, heads the special gifts committee.

The committee will oversee current solicitation of special large, "leadership" gifts. Erection of a new physical education building and an infirmary will be paid for with proceeds derived in the campaign's first phase during 1959-60.

Other projects envisioned are the remodeling of Old Dorm into a Civil War Institute and administration building. McKnight Hall will become a modern language building. Both are presently outmoded dormitories.

### Larger Library

Construction of a larger library and a life science building and a one million dollar endowment allocation for improved faculty salaries and scholarships round out the proposed five year program.

The committee members are: Mrs. Charles W. Baker Jr., Springdale; L. John Barnes, Baltimore; Lavern H. Brennenman, York; Charles W. Diehl Jr., York; Dr. Edwin T. Ferren, Merchantville, N. ## HISS Could Homogenize Humans In Seconds, Says Manufacturer Of Noisemaker

LOS ANGELES (AP) — A Los Angeles firm is developing an out-of-this-world sound — but it won't be heard on your hi-fi set or anywhere else.

This sound can kill you, said William Thomas, president of James B. Lansing Sound Inc.

He explains the sound is so loud that: "You can't hear it because you would be dead before you heard it. It's perfectly capable of destroying human tissue, and a human being subjected to such high frequency sound waves actually would be homogenized—or scrambled—in seconds."

### Major Breakthrough

Thomas described the firm's high intensity sound simulator (HISS) as a major breakthrough in efforts to simulate tremendous vibrations encountered on a trip to outer space. Vibrations on such a trip are caused by high speed and shock waves.

## SEVEN JOIN IN MAN HUNT BUT ALL IN VAIN

The combined efforts of two state troopers, two borough policemen, three firemen, and three walkie-talkie units failed to find Earl Wolfe, Gettysburg R. 3, during a two-hour search Thursday morning in the Culp's Hill area, local police said. Wolfe is reportedly wanted on an assault and battery charge filed by his wife before Justice of the Peace Robert P. Snyder. He is also wanted by the town police for "questioning."

State police notified borough officers that Wolfe was hitchhiking on the Baltimore Pike near Crouse's junk yard. A search of that area at 9:30 o'clock was fruitless. Thirty minutes later borough police saw "their man" walking on the Baltimore Pike near the cemetery—but at the same time Wolfe spotted the police car and took off for the hills.

### Eludes Capture

State police and firemen were summoned who started the search in the wooded area around Culp's Hill with the aid of three two-way walkie-talkie units. Police said they caught glimpses of Wolfe from time to time in the woods but didn't have enough men to surround him in the dense area. The seven searchers combed the area until 12:30 p.m. and then gave it up.

Wolfe is described by police as being six feet tall, weighing 175 pounds, has black hair and long sideburns, dark complexion and wearing light colored clothing.

## TYPES OF CIVIL WAR ARMS ARE TOPIC OF TALK

Gettysburg not only marked the turning point in the Civil War campaign, but it also marked the turning point in the armament issued the Union soldiers, Harold L. Peterson, Arlington, Va., National Park historian and expert on arms, told the Gettysburg Civil War Round Table at its meeting Thursday evening in the GAR rooms, E. Middle St.

The Battle of Gettysburg convinced the ordnance department that the breech-loading Sharps and the Spencer carbines were the coming thing and that muzzle-loading weapons were on their way out, Peterson held.

Noting that at the beginning of the Civil War 79 different types of rifles were authorized for the Union Army, Peterson went into many details of the differences between the various types of weapons given the troops at the beginning of the war.

### Changed Tactics

The introduction of the six-shot pistol and the carbine changed cavalry tactics during the Civil War. The sabre charge of former wars disappeared when the new weapons came on the scene, he said.

Peterson held, "To a large extent tactics of the Civil War commanders were dictated by the weapons their troops had. Far too frequently modern day authors, in seeking to prove that certain other tactics should have been used, forget that the commanders (Continued On Page 2)

Fire of unknown origin drove five members of the Blaine W. Hughes family into the night in their night clothes and bare feet, destroyed the home, office and garage, a Chrysler automobile, damaged two other cars and suffocated four dogs early this morning at Guernsey.

The loss is estimated at approximately \$30,000.

The conflagration broke out in the garage section of the 110-foot ranch type, one-story home. It spread rapidly to the ceiling and then through the attic of the home before it was discovered by Mr. Hughes at 1:30 o'clock this morning. He was awakened and smelled smoke. In a moment he discovered the blaze and awakened Mrs. Hughes, their daughter, Joan, 22; her baby, aged 5, and their son, George, 17. They managed to grab blankets and flee into the night. The entire interior of the house was engulfed in dense smoke.

### Garage Beyond Saving

The Biglerville Fire Department was summoned and when they arrived on the scene the fire had gained such headway that they immediately called the Bendersville firemen for assistance.

The fire fighters pumped water from two ponds and the Hughes swimming pool to battle the blaze. The garage and office were beyond saving when the firemen reached the scene and a large part of the house was a mass of flames. Some firemen expressed the belief that a small portion of the home may be restored while others assert that the damage is too extensive to save any of the rambling home.

Mrs. Hughes' 300-D Chrysler was destroyed. Firemen said its ruins are a two-foot mass of twisted steel. Mr. Hughes' Chevrolet, which he used primarily for business purposes, was damaged to the extent of approximately \$500 as was Mrs. Hughes' Chrysler Saratoga. It is not known whether they will be worth repairing.

### Equipment, Furnishings Lost

All the equipment in the garage, new power mower and other lawn and property equipment were destroyed.

Mrs. Hughes' office, which she conducts as representative of the Hilco Homes Co., was destroyed including all of her records and equipment. She recently redecorated her office and placed a wall-to-wall carpet.

The Hugheses had almost completed redecorating and furnishing their 50-foot game room.

Firemen remained on the scene until daylight.

In addition to fighting the blaze they helped to remove furnishings, paintings, pictures and clothes from the burning home.

### Fireman Overcome

At one stage in the fire, the ceiling of the living room collapsed from the weight of water.

Dale Clark, Bendersville fireman, was overcome by smoke but was quickly revived by the administration of oxygen from the Biglerville ambulance.

### Certificates Burned

This morning the Hugheses were undecided where they will reside. Mrs. Hughes had opened an office in their cottage, located across the road from their home where, she said, "business will be conducted as usual."

Mr. Hughes, who teaches water safety and seamanship, had recently completed the latter course for boys at the Paradise School and the Boy Scout Explorers. He had scheduled a meeting for tonight at the Lentz Legion home. He planned to present the certificates to those who completed the course. However, the meeting has been postponed because the certificates were lost in the fire.

Mr. and Mrs. Hughes today were loud in their praise of the effective fire-fighting abilities of the Biglerville and Bendersville firemen.

"These men fought valiantly to get the fire under control and they rendered every assistance possible to us. We cannot commend them too highly. They kept our losses to the minimum considering the difficulties that confronted them."

### HELD FOR NONSUPPORT

Charles J. Prout, Gettysburg R. 3, was charged by his wife, Eleanor Prout, Gettysburg R. 1, with desertion and nonsupport before Justice of the Peace Robert P. Snyder. Prout was arrested Thursday by Constable Fred Swisher and furnished \$500 bail at a hearing to appear in nonsupport court May 1.

### BAILED FOR COURT

Emma C. Bechtel, Silver Run, Md., was charged with assault and battery before Justice of the Peace Robert P. Snyder by Beatrice Taylor, Westminster. At a hearing Thursday, Miss Bechtel furnished \$1,000 bail and was held for court. The alleged assault occurred at the Windsor Shoe Co., Littlestown, April 13.

## QUESTIONNAIRE REPORT MADE TO MEADE PTA

The unit system of Parent-Teacher Associations for the individual schools was shown to be popular, according to the results of a questionnaire survey which were reported at the meeting of the Meade PTA Thursday night in the school.

Mrs. Donald White, reporting on the survey, said that a majority of parents had indicated a preference for the unit system which replaced the community-wide PTA organization a year ago. The unit system made a closer relationship between teacher and parent, many believed. But those parents with children in more than one school suggested more joint meetings of PTAs, Mrs. White said.

Suggestions for future programs included these topics: Mental health, special education, delinquent parents and children's problems during play in the school yard. Program preferences were for panel discussions and speakers.

**Attendance Falls**  
Mrs. White noted that attendance had been good at PTA meetings until March when it dropped considerably. In the survey, she said, parents gave as reasons for nonattendance transportation problems, evening work, lack of time and too little publicity about meetings.

Some thought that parents should take a more active part in programs, others suggested children participate, according to the survey.

The meeting, the final one for the school term, was conducted by Mrs. Ingolf Qually, retiring president. Mrs. Francis Reinberger had charge of devotions and read an article, "What Is A Teacher?" Mrs. Eunice served as secretary in the absence of Miss Marion Shears.

**Install Officers**  
Officers were elected for the coming year. They are: Dr. Frederick Wentz, president; Mrs. Julian Swope, vice president and program chairman; Mrs. Gwen Robinson, secretary; Mrs. Elmon Williams, representative to council, and Mrs. John Hahn, representative to county council. John Stahl installed the new officers.

Plans to purchase a stage curtain for the assembly room in the school were shelved when Paul S. Burkholder, head teacher, explained that because of a lack of emergency lighting arrangements, the room cannot be used for meetings of more than 25 persons. This, he said, is a Department of Labor and Industry regulation.

As an alternate plan, it was decided that a committee of the school teachers and home room mothers would be authorized to determine what use will be made of PTA funds.

of those days had to work with weapons that would have prevented the introduction of more modern tactics."

Speaking of the artillery weapons, "Mostly smooth bore cannon, Peterson held, 'There was a wide difference between their maximum range and their effective range. The maximum range was from 1,200 to 3,000 yards. But the effective range was cut by many factors. Only a few could be effective up to 2,100 yards. The cannoners of those days had no range finders, nor other equipment which today permits the cannon to be hidden. They had to see what they were firing at, and they had to be out in the open."

**Showed Film**  
Peterson spoke for 45 minutes, then spent more than an hour answering the questions of the 45 present for the meeting. He also showed a film depicting the firing of the Napoleon cannon.

In response to a question concerning the apparent lack of use of the Whitworth cannon, a breech loading modern piece first introduced in the Civil War, Peterson said that its lack of use was based on the great expense of the shells and difficulty in obtaining them from England, plus the fact that it fired only solid shot and thus was not effective against personnel.

## MRS. A. WHITE, LUBEC, MAINE, TO HEAD DAR

By FRANCES LEWINE  
WASHINGTON (AP)—It was a long wait for the Daughters of the American Revolution to learn today that Mrs. Ashmead White of Lubec, Maine, was their new president general.

The announcement was made about 2:30 a.m. in Constitution Hall after hours of tallying the results.

Mrs. White and her slate of 11 other candidates won the close contest for the DAR national officers. Their term is three years.

"I'm thrilled," said Mrs. White, a slim, gray-haired widow who is an investment broker. She's been a member of the DAR since 1937.

She won by 170 votes over Mrs. Ralph Williams Newland of St. Joseph, Mich., who had been surrogate general.

### Official Tally

The official tally was: Mrs. White 1,246; Mrs. Newland 1,076. About 2,300 ballots were cast by the delegates to the 68th Continental Congress in Thursday's voting.

About 1,800 delegates waited patiently to hear the results. Tellers worked more than 11 hours to count the ballots.

Mrs. Harold E. Erb, Garden City, N.Y., who was elected first vice president general, polled the most number of votes—1,306.

Outgoing President General Mrs. Frederic A. Groves of Cape Girardeau, Mo., extended her good wishes to the new officers and shook hands with each one as they lined up on the stage for a bow.

## CANDIDATE IS CUT BY PROP

MEMPHIS, Tenn. (AP)—The hospital room where Ross Barnett, 60, is mending after a bloody encounter with an airplane propeller has become his campaign headquarters.

Barnett, 60, Jackson lawyer, and a candidate for governor of Mississippi, was flat on his back today, swathed in bandages, fretting about his campaign.

"I'm sorry about this thing," he muttered when John Gregg, his state campaign manager arrived from Jackson. "Who's filling my speaking engagements?" Barnett was slashed on the chest from shoulder to waist when he was hit by a spinning propeller after stepping out of a chartered single-engine plane at the Coldwater, Miss., airport Wednesday night.

The propeller broke five of Barnett's ribs but physicians said there was no damage to heart or lungs and the nerves in his left arm were not affected.

## New Resistance To Communist Rule

TAIPEI, Formosa (AP)—Resistance to Communist rule has been growing in the Chinese province of Sinkiang since the revolt in Tibet, Chinese Nationalists reported today.

Government sources quoted an intelligence report as saying the Communists were taking savage measures.

The report said that in March the Communists arrested more than 4,000 persons in the main cities of the province and executed most of them.

Mineral-rich Sinkiang is the largest province in China. Sandwiched between Tibet and the Soviet Union, it is more than twice the size of Alaska, but has a population of only slightly more than four million.

There's no need to ask my forgiveness . . . I know you are not to blame . . . the fault is all mine and I know it . . . for I played the dangerous game . . . I thought you were mine for the asking . . . and that you would bow to my call . . . oh why did I take you for granted . . . when you mattered above them all . . . perhaps time will cover the errors . . . I made while my heart was in doubt . . . I delved into things far beyond me . . . things I knew nothing about . . . now that the game is all over . . . and we are going to part . . . there's no need to ask my forgiveness . . . for I broke my own foolish heart.

## NAVY NOW HAS OFFICIAL FLAG

WASHINGTON (AP)—The Navy has an official flag for the first time in its 184-year history.

President Eisenhower approved the new blue and gold emblem today in an executive order.

The other armed services all have official flags, but the White House said the banner flown by the Navy during ceremonial, parade and other such occasions is "the U. S. Navy infantry flag."

This is the familiar blue rectangle with a blue "fouled" anchor set on a white diamond. Standard Navy reference books do not give the origin of this flag.

The executive order describes the new flag as of dark blue material with a 2½-inch yellow fringe. In the center, in colors, is part of the seal of the Navy Department, enclosed in a circle of yellow rope.

A yellow scroll above this is inscribed "United States Navy" in dark blue letters.

## Report Fighting At Jordan Border

AMMAN, Jordan (AP)—The government today charged troops and resistance forces of the United Arab Republic penetrated Jordanian territory Thursday and fired on civilians near the border town of Mafraq.

This was the first armed clash reported between the two countries since they broke off relations last July when President Gamal Abdel Nasser's U.A.R. was accusing Jordan's King Hussein of throwing in with Western "imperialists."

The U.A.R. in Damascus, Syria, earlier charged Jordanian troops attacked the Syrian village of Gharayah, killing a Syrian policeman and wounding four home guardsmen.

## DANCER FEARS FOR SAFETY OF HER HUSBAND

LONDON (AP)—British ballerina Margot Fonteyn came home from a Panamanian jail today expressing fears for the safety of her husband, charged with rebel activity in Panama.

Miss Fonteyn, accused with her husband, Roberto Arias, of plotting to overthrow the government of Panama, declined to confirm or deny that she knew of plans for a rebellion.

She said she had received no word from Arias, last reported hiding in the Panamanian hinterlands.

### Ready To Return

"I am told he may be in the mountains with a small band of men," the dancer told airport reporters. "I am prepared to return to Panama at any time if there is a chance of being reunited with him."

Miss Fonteyn said it was likely her husband's life was in danger and that he might be shot if found by Panamanian authorities.

She declined to disclose when she last saw him.

Miss Fonteyn sidestepped a question about letters the Panamanian government claims to have found linking her and Arias with the purported plot.

"They would have to say that," she shrugged.

## NEW SERVICE AT 'KENNIE'S'

"Kennie's" food market at 45 S. Franklin St. today initiated a new ready-to-serve food department that will enable a housewife to stop at the store and pick up warm, freshly barbecued meats and complete the meal's menu in the fresh delicatessen department.

A rotisserie, just installed at the food market operated by R. Kenneth Foust for the last six months, is in operation every day in the week's barbecuing hams, spare ribs and chickens with John Powell and Walter Plank in charge of the operation.

The barbecued meat service will be available every day in the week but Proprietor Foust advises advance telephone orders when possible. The barbecue service will operate 9 a.m. to 6 p.m. on Sundays. Today and Saturday free "tastes" of the barbecued meats were offered customers at Kennie's.

A display advertisement on the new barbecue service announces that whole fryers, ready to eat, will be available at "less than \$1."

To supplement the rotisserie service, Kennie's have added more than a dozen of Harvey's delicatessen foods from York. They are being sold here exclusively at Kennie's.

Recently a complete self-service system was installed in the meat department at Kennie's.

### STOCKS REBOUND

NEW YORK (AP)—The stock market rebounded early this afternoon from two days of decline following its drive to record highs. Pivotal issues were up from fractions to about a point on a broad front. Most changes were narrow. In the more speculative issues as well as in a sprinkling of very high priced stocks the gains ran from 2 to 7 points or so.

Panama government claims to have found linking her and Arias with the purported plot.

"They would have to say that," she shrugged.

## Warriors Drop 4-3 Tilt At Waynesboro; Engage Hanover Here On Monday

Taking advantage of five bases on balls in the last of the fourth inning, Waynesboro High School tallied four runs and staved off a late threat to defeat the Gettysburg High Warriors 4-3 Thursday afternoon at Waynesboro in a South Penn League game.

Wayne "Doc" Fissel started on the mound for Gettysburg but gave way to Don Coldsmithe in the third. Coldsmithe walked Bigony, Carson and Boyer to open the last of the fourth. Cronauer skied to Bernie Lochbaum in center, Bigony scoring after the catch. Bickel was out on a grounder but Sachs and Eakle drew passes to force over Carson. Keller followed with a single to drive home Royer and Sachs.

Gary Maitland hurled the last two innings and got out of a fifth inning jam when Greg Maitland, Terry Hise and Sid Weikert pulled a double play after two walks.

Warriors Score  
Gettysburg took a one-run lead in the top of the fourth on a double by Bo Furney and single by Weikert.

In the sixth the Warriors added another. Bill Shoemaker was safe on an error and advanced on Hardy Nichols' sacrifice. After Furney popped out Weikert singled home Shoemaker.

The Jones-men made a strong bid to pull the game from the fire in the final frame. Coldsmithe, re-entering as a pinch-hitter for Ron Sprinkle, was safe on an infield error. Gary Maitland doubled, Coldsmithe racing over on a wild throw to the plate. After Lochbaum and Shoemaker were strikeout victims of Bob Fry, who had relieved Cronauer, Nichols reached base on an error and the bases were loaded when Furney was hit by a pitched ball.

However, Fry bore down and fanned Weikert for the final out.

Next week the Warriors face three games. Hanover will be here Monday at 4 p.m., Delone will be met at McSherrystown Thursday afternoon and Chambersburg will be here Friday to make up a postponed game.

A pair of homeruns by Bob Weigle during an eight-run fifth inning highlighted the 13-1 victory gained by Bermudian over New Oxford Thursday afternoon in county league game at York Springs.

Weigle led off the inning with a homerun and later belted another with one runner aboard. George Williams, who limited the losers to two hits, rapped a two-run double in the same frame.

The victory gives Bermudian the lead in the league race.

Biglerville dropped its second successive 10-inning game when it bowed to invading Littlestown 8-4, all runs being scored in the 10th frame.

**Wild Inning**  
Gary Worley and Vance Johnston hooked up in a brilliant scoreless duel for nine frames and then the Canner defense collapsed. Worley walked to open the 10th. Hahn was safe on a wild throw when he sacrificed. Garrett's pop fly was jostled out of the hands of Little, Biglerville catcher, when Little and Johnston collided. Karl Bankert singled home two runs. A walk to Knipple and double by Dave Crouse followed with Brough replacing Johnston. Two more hits and a pair of walks accounted for the remainder of the runs.

Biglerville came back with four tallies after Guise was safe on an error. Kennedy singled and Johnston walked to fill the bases. Harry Hartzel singled home two runs. After two strikeouts, Orner singled home two more runs before J. Singley, a pinchhitter, grounded out to end the game.

## ROOKIE SAYS CONFIDENCE IS BEST ASSET

By WHITNEY SHOEMAKER  
Associated Press Sports Writer  
WASHINGTON (AP)—Confidence is the reason rookie outfielder Bob Allison seems to be stamping himself a major leaguer with the Washington Senators.

The Senators have owned the 24-year-old strong boy since 1955 and have known all along he was a competent fielder with a strong throwing arm. Now he has identified himself as a batsman of considerable promise.

What elevated this 6-3 former Kansas fullback from a .246 hitter in the Southern Assn. two seasons ago to a job in the majors?

"Confidence," Allison explained today. "Learning to relax at the plate, swing naturally and wait out the pitcher."

**At-ease Habits**  
Allison, acquired these at-ease habits in his second turn with Chattanooga last year. He batted .307 and drove across 93 runs.

Jim Lemon and Roy Sievers, veteran Washington outfielders, have alternately been laid up with injuries, but it wasn't their absence that brought Allison into the lineup. This was all his own doing.

He already has learned to try to meet the ball and let the homers — two so far — come when they may.

"Against Don Larsen of the Yankees the other night, I just tried to flip the bat out quickly and away she went," he said.

Away into the center field bleachers.

## HOMERS BEAT BRAVES 4 TO 3

PHILADELPHIA (AP)—"I'm a lousy pinchhitter," Gene Freese said today. "Remember, I've been to bat only two times and it's a long season."

The 25-year-old utility infielder came to bat the first time last Saturday and his grad slam home run powered the Philadelphia Phillies to a 4-3 victory over Cincinnati.

He made his second appearance of the season Thursday night and his two-run homer in the ninth tied the game with Milwaukee at 3-3. Three batters later Granmy Hammer hit a home run and the Phils won 4-3.

Until that ninth inning the Braves seemed to have the game won. Billy Bruton had led off the third with a double and Eddie Mathews brought him home with his fourth homer of the year. Then in the Braves half of the ninth, Hank Aaron homered into the left field stands and the score was 3-1.

Bob Bowman had scored the first Phils run with a homer in the sixth.

Right-hander Ray Semproch making his first start, was the winner. It was his second victory. Southpaw Juan Pizarro was the losing pitcher.

## DRAKE RELAYS START TODAY

DES MOINES, Iowa (AP)—A Drake Relays field tabbed by Coach Bill Easton of Kansas as the "greatest," commenced its assault on time and distance marks today.

It was the 50th opening for the carnival, and the golden anniversary show was expected to sparkle with a batch of new records.

Easton's Kansas young men are favorites in several events.

Easton, who served as director of the Drake games from 1941 through 1947, said, "This is the greatest. Man, they have some great runners here, really great."

He was speaking of, among others, Olympic champions Glenn Davis and Bobby Morrow; Eddie Southern; Ira Murchison.

Davis, formerly of Ohio State, and Morrow, the former Abilene Christian flash, will appear in a special 440-yard dash Saturday.

Murchison, formerly of Western Michigan, will show Saturday in a special 100-yard dash which also includes Morrow. Southern is the anchor runner for Texas' favored sprint teams.

## Havana Remains In Baseball Loop

NEW YORK (AP)—The Havana Sugar Kings, with the blessings of Cuban Prime Minister Fidel Castro, will stay in the International Baseball League.

Club President Bob Maduro made the announcement Thursday night after conferring with Castro for 3½ hours.

Maduro had flown here from Havana to confer with Castro after announcing that he planned to renew negotiations for the transfer of the Havana franchise to Jersey City.

**Clearfield School Man Found Dead**

Boggs, 58, was a member of the PIAA wrestling steering committee and directed the PIAA state wrestling tournament for the past eight years.

A graduate of Clarion State Teachers College, Boggs had been athletic director at the Clearfield High School since 1945. He formerly was head football and basketball coach.

## BART DUPON ON HOMER SPREE

By THE ASSOCIATED PRESS  
A fellow named Bart Dupon is up to his old tricks again—hitting home runs.

Dupon, who hit 40 homers in Class C ball last year, hit his first in the Class A Eastern League Thursday night and it paid off in a 3-2 victory for Williamsport over Binghamton.

Dupon's blast over the center-field wall came in the eighth inning after Charley Fields had led off with a single.

In other games, Reading defeated Allentown, 6-5, Springfield beat Albany 13-6 and York defeated Lancaster 6-3.

Reading rallied for five runs in the seventh for its win after Allentown had taken a 5-1 lead. Walter Bond knocked in the tying run with a triple. Harry Messick's sacrifice fly sent bond home with the winning run.

Springfield had an easy time of it, pounding out 12 hits and scoring in all but two innings. Southpaw Jim Myers picked up the victory and became the first Springfield pitcher to go the route.

York backed up right-hander Jack Hamilton with a 12-hit attack as the Roses opened their home stand on a successful note. Cliff Anderson was the loser.

## PRO GRIDDRERS WIN PENSION PLAN FROM NFL

By RALPH BERNSTEIN  
PHILADELPHIA (AP)—The pro Football Players Assn. won a pension plan from the National Football League, but the price came high to veteran players.

Actually, as NFL Commissioner Bert Bell put it, the pension, hospitalization, medical and life insurance plan granted Thursday by league owners "won't cost owners or players a nickel." Bell of course was talking of cold cash.

The association, in its desire to stick its foot in the fringe benefit door, had to sacrifice most of the present crop of players. Bill Howton, president of the association, intimated this when he commented: "Heck, I doubt that I can play five more years to qualify for a pension. I probably won't become eligible."

**200 Won't Qualify**  
A check of NFL rosters discloses that some 200 of the league's 400 plus active players probably won't qualify for the retirement benefits. The plan calls for playing tenure of four years plus one game in a fifth year with everybody starting from scratch in 1959. Thus, no player will be eligible for retirement benefits until 1963.

The average career of a pro football player has been calculated at 3.7 years.

**Lists Revenue Sources**  
The new benefit plan as explained by Bell gives the players hospitalization, medical care, life insurance from \$5,000 to \$20,000 depending on length of service, and the right of any player who is sick and in financial distress to borrow \$1,000. At age 65, a player eligible for retirement benefits will get a percentage per years of service of what is in the accrued fund. The first pension to a pro football player won't be paid for at least 30 years.

Bell worked out the pension plan with the help of a Baltimore pension consultant.

Bell listed these sources of revenue: Increase championship game receipts, video tape, pro film highlights, a probable post season game between the runners-up in each division, and proceeds from a new program to be sold throughout the country to television viewers.

**PHILLY HOMERS BEAT BRAVES; PIRATES BOW**  
By ED WILKS  
Associated Press Sports Writer  
For the past few seasons, Cincinnati's main weakness has been pitching. The same problem haunted the Reds again this spring, although new manager Mayo Smith admitted "it might be we have the pitching, but just can't find it."

Smith found one of his long-lost pitchers Thursday night as Brooks Lawrence, once the big man of the staff, beat Pittsburgh 5-2 with a five-hitter. It was Lawrence's first complete game since the middle of last July, and his first victory as a starter in 10 tries since he blanked Milwaukee 1-0 last July 2.

It was the fourth complete game by the Reds' staff (Bob Purkey has two, Don Newcombe the other) and the third full-game victory. This one lifted the Reds into a even split for 10 games. They're tied for fifth, two games behind National League leading Milwaukee.

**L.A. Lead Cut**  
The Braves, who more or less live on homers, were beaten 4-3 by three Philadelphia home runs as the Phils cut Milwaukee's lead over idle Los Angeles to a half game. The Chicago Cubs whipped St. Louis 6-1.

Lawrence, 34, a big right-hander who won 19 in 1956, 16 in '57 and then fell off to an 8-13 record last season, walked but three and allowed only three hits until the ninth. The Bucs scored on a walk and Dick Groat's two-out single in the second inning, then counted in the ninth on two hits at a sacrifice fly.

The Reds, who were 0-2 against George Witt when he won seven straight as a rookie last year, beat the young right-hander for the second time this season. A walk, Gus Bell's double and a single by ex-Buc Frank Thomas junked Witt's shutout in a two-run sixth inning. The Reds then added three in the seventh, with Johnny Temple's double driving in the winner.

All of the runs came on homers at Philadelphia, with the Phils coming from behind on three runs in the ninth. Gene Freese's second pinch-hit home run—the other was a grand slam last week-end—followed one of six walks given up by loser Juan Pizarro. Then Gran Hamner put it away with his first home run of the year. Bob Bowman hit the other Phillie homer in the sixth off Pizarro (6-1), who gave up six hits and struck out 11, but walked six.

Eddie Mathews hit his fourth home run for Milwaukee, with a man on in the third inning, and Hank Aaron belted his third in the ninth as Ray Semproch gained his second victory with an eight-hitter.

Walt Moryn and Dale Long homered for the Cubs in a three-run sixth inning against loser Lindy McDaniel (1-2). Moe Drabowsky (1-1) was the winner, blanking the Cards on three hits until Bill White hit his first home run leading off the ninth.

**SOONER COACH IS TRYING OUT SPLIT ATTACK**  
By JIM MONROE  
NORMAN, Okla. (AP)—Oklahoma Coach Bud Wilkinson says football attacks "change in fashion like women's clothes." And he's trying to keep his Sooners in style.

This year the fashion may include flared-out formations. Wilkinson experimented in spring practice with splitting his ends wide and flanking a halfback—none coming in for the huddles. Other coaches have called this a takeoff on "Army's lonesome end" formation. But Wilkinson denied it.

The Sooners coach kept his ends and back out of the huddles, he said, to see how much time could be gained in running off plays. Wilkinson declined to say just how much of the time he will keep his line split and the two "lonesome" next autumn.

**Coach Was Impressed**  
He said there was not sufficient time in spring practice to work much on this or other new attack formations he is planning. But there is little doubt he was impressed in the varsity-alumni game earlier this month. On the first play, the ends and back were held wide and quarterback Bobby Boyd heaved a touchdown pass.

And the split ends were effective in blocking paths for Wilkinson's speedy backs, who like to swing wide.

The Sooners last fall won their 11th straight Big Eight Conference championship, and defeated Syracuse in the Orange Bowl. Wilkinson is blessed with a covey of fast backs this year, but has much rebuilding to do in the line.

SAD STORY OF OCELOT THAT LIKED CHICKEN

SAN FRANCISCO (AP)—Osmo was an ocelot. You might say he loved club-fed chickens not only unwisely, but too well.

If that shakes you're sorry. This story really doesn't have a plot, but it does have some interesting people.

It has the Shah of Iran, a pretty airline stewardess, a sad scientist—plus mass murder at midnight and sudden vengeance.

And, of course, Osmo, a catlike Brazilian with golden fur and sharp teeth who loved to roam at night.

Given To Stewardess

The Shah presented Osmo to Miss Ellen Forseth last year in appreciation for her services on Pan American during his visit here.

Miss Forseth made a pet of Osmo but needed an ocelot-sitter on her overseas flights. Last week she left him in care of Ray Moser, a friend across the bay in Berkeley.

Osmo escaped. Enters now the sad scientist: Dr. Lewis W. Taylor, professor of poultry husbandry at the University of California. He has spent more than five years developing club-toed white Leghorn chickens.

14 Chickens Died

Taylor said club toes show the chicken has an inherent lethal disease. He has been breeding them for club-toes to learn how to eradicate the ailment.

Sunday night something got into Prof. Taylor's genetic research plant and slaughtered 14 of his highly prized chickens. Plant supervisor Noburo Inouye was asked to lie in ambush for the invader.

It Was Osmo

With a small caliber rifle, he bagged the intruder with one shot Tuesday night. It was Osmo.

It's doubtful that a small bronze plate could report Osmo's tragic story.

But Prof. Taylor is relieved. "I wasn't wiped out," he said. "We still have about 14 club-toed white Leghorns left."

Miss Forseth? Out of the city—and presumably unaware of Osmo's fate.

When fresh apricots are in the market, poach them in a sugar syrup. They're delightful served with soft custard.

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Seek Foster Parents For 11,000 Homeless Children

TORONTO (AP) — "Child for adoption," said the advertisement today in the classified section of the Toronto Globe and Mail.

"Roger," it continued, is an attractive, healthy 7-year-old boy with fine features, blue eyes, blond curly hair, small in stature.

"He is of French-Canadian parentage, is Roman Catholic, and speaks only English. School work somewhat below average."

"Roger was born with a slight palsy in his left arm which is gradually responding to treatment. He is not hindered in normal activities."

"This young lad needs adopting parents who are warm-hearted, affectionate and who will accept him as their own."

Interested couples were told to write the Ontario Minister of Public Welfare.

During the next two months, dozens of similar ads will appear in Ontario newspapers as part of a project to find foster parents for 11,000 homeless children in Ontario. Most of them are between 4 and 16, and many have physical disabilities. There are long waiting lists for younger children.

The deputy welfare minister, James Band, has said his department is not trying to sell children, it is "trying to merchandise a child's happiness."

## DILLON TO GET BIGGER POST

WASHINGTON (AP) — Under Secretary of State C. Douglas Dillon reportedly will be named chief assistant to Secretary of State Christian A. Herter. He may have much broader duties than anyone who filled such a position in the past.

Dillon, 49, is now in charge of foreign economic affairs. In his new position he may be allowed to continue direct supervisions of the government's multibillion dollar foreign aid program as well as taking over political problems which Herter formerly handled as chief assistant to John Foster Dulles.

**Reshuffle Top Officials**

The added duties for Dillon are being considered by Herter as part of a reshuffle of top officials. Officials said one shift already decided upon will return career diplomat Raymond Hare from Cairo, where he is ambassador to Egypt, to become assistant secretary of state for the Middle East and South Asia.

Robert Murphy, now deputy under secretary in charge of political affairs, may be promoted to full under secretary to take over Dillon's old job.

The assistant secretary for Europe, Livingston Merchant, would be promoted to Murphy's old spot. Douglas MacArthur II, now ambassador to Japan, is being mentioned as a replacement for Merchant.

Officials said most of the shifts probably will be delayed until after the May 11 Western Big Four foreign ministers meeting.

## How Large Should Doughnut Holes Be?

ROANOKE, Va. (AP) — How big a hole should be allowed in a doughnut?

The question was put to the weights and measures department here by a lady who estimated she had lost \$3.75 because one brand had oversized holes. The manufacturer gave her \$4 worth as compensation.

## CAN'T WIN

WEST LEBANON, Ind. (AP) — The West Lebanon Gazette ran a story blaming a recent rash of typographical errors on gremlins. It came out spelled "rem-lins."

## NO VIOLENCE THIS MORNING AT HENDERSON

By PHIL CORNER  
HENDERSON, N.C. (AP) — First-shift workers entered the struck Harriet-Henderson Cotton Mills without incident today after the third straight night of violence in this small industrial city.

Following a pattern established earlier in the week, only a few strikers showed up at the mills' heavily guarded North and South Henderson plants to jeer and shout at incoming workers.

Rifle shots peppered the plants again Thursday night until second-shift employees departed under police and highway patrol guard.

**No Serious Injuries**

No serious injuries were reported among the workers or the large number of shouting pickets gathered outside the mill gates.

Operation of a second shift at the plants, struck Nov. 15, has brought criticism from Gov. Luther Hodges, who said he had warned the management it might mean bloodshed.

Shortly before the second shift left at 11 p.m., highway patrolmen fired two parachute flares over the South Henderson plant. Other patrolmen patrolled a back street across from the mill where most of the sniper fire had originated.

**Police There**

Under the brilliant light of the flares and the watchful eyes of the patrolmen, the workers left without incident.

In Raleigh, Gov. Hodges, himself a former textile official, disclosed he had warned mill president John D. Cooper Jr. April 16 against opening the second shift.

Cooper, who started the second shift April 20, told Hodges that to close the shift would be "an absolute surrender to force and violence."

Gov. Hodges said he released details of his letter to Cooper "to remind Cooper of his personal responsibility for the present difficulty."

Cooper said previously he would close the mills permanently if he had to close down any of the shifts.

The strike began after the company insisted on elimination of an arbitration clause from a new contract with the Textile Workers Union of America. It apparently had been settled April 17.

Union strikers were to be rehired on the second shift and a promised third shift. When they arrived Monday, they said, only 30 jobs were available.

Since then, the mills have been targets of rifle fire. A force of 100 highway patrolmen has been recalled.

## HERE AND THERE

**Most bike riders in accidents with motor vehicles are violating traffic laws.**

"In four out of five accidents, the bicycle rider is violating a law," the National Safety Council asserts. The fact was one of many obtained from a council study of the circumstances of bike accidents in the United States. Forty-two states took part in the study, and provided this information:

1. Between 400-500 bike riders are killed each year in accidents with motor vehicles. More than 25,000 bike riders suffer disabling injuries.

2. More than eight out of 10 victims are under 16 years of age.

3. Nearly nine out of 10 are males.

When do bike accidents happen?

1. Seven out of 10 occur during April-September.

2. Seven out of 10 occur during daylight hours.

3. They occur most often on Saturday, least often on Sunday.

**Strangely enough, the council pointed out, in one accident in three the bicyclist struck the motor vehicle.**

The 42 states taking part in the study rejected almost unanimously a proposal that bicyclists ride on the left side of the street facing traffic.

The states surveyed favor bicyclists riding on the right side, and following all rules and regulations pertaining to other vehicles.

Riding on the left side of the street, the study indicated, is more hazardous than riding on the right side.

**What suggestions does the council have to keep bike riders safe?**

1. Obey traffic laws — traffic lights and signs are for bike riders, too.

2. Stay on the right. Ride with traffic.

3. Ride single file. Never zigzag.

4. Make sure your bike's in good condition.

5. When traffic is heavy at a corner, get off and push your bike across the street. Stay within the crosswalks.

6. Don't ride your bike at night unless you have to. And then, make sure your bike has a light and rear reflector. Wear clothing that is light colored or that shines in the dark so you can be seen easily by motorists.

## CASTRO VISITS EXCHANGE AND TALKS BRIEFLY

NEW YORK (AP) — Cuban Prime Minister Fidel Castro, campaigning for increased United States imports of Cuban sugar, visited the New York Coffee and Sugar Exchange in the financial district today.

He opened the day's trading by making an appearance on a speaker's platform at 10 a.m. while several hundred traders and bystanders clustered around him.

He said most Cuban sugar was sold through the exchange and pledged that income from the sugar would go toward things that would be useful for Cuba.

Charles S. Lowry, exchange president, gave him a gavel to open the session.

**Speaks Briefly**

Castro spoke briefly. A member of his party, Dr. Rulo Lopez Fresquet, minister of the treasury, then told the traders that Castro had "advised me not to talk too much about sugar." He said the traders were well aware of its importance.

"We can say we are interested in having a higher price for our sugar," the treasury minister said. There was applause.

May sugar futures, which closed Thursday at 288 to 289, were quoted at 290 when the market opened today, or \$2.90 per 100 pounds.

**Make Thorough Search**

Police made a thorough search of the 12-story exchange building during the night after a watchman reported he had seen two men acting suspiciously in a second-floor hallway. He said he chased the men and that they left the building by way of a fire stairway.

Members of the police bomb and emergency squads found nothing in the search.

The biggest security guard ever given a visitor to New York has been assigned to Castro because of a reported plot to assassinate him. Police were told of a report that hired gunmen were on their way here in two cars. The entire force was put on a special alert.

**Rally In Park**

Police said the supreme test of the security forces will come tonight when Castro addresses a rally on the Mall in Central Park, where the wooded and rolling ter-

**Psychologist Is Shot; Man Ends His Life**

XENIA, Ohio (AP) — A 31-year-old assistant psychologist from Alliance underwent delicate brain surgery today to remove a bullet fired by a berserk man who killed himself seconds later.

As doctors in Miami Valley Hospital in Dayton operated on Kermit Thomas, investigators were still trying to fit together the motive of the man who pulled the trigger, Herman Oxford, 61.

Authorities hope further questioning of a 48-year-old widow, held at gunpoint by Oxford just prior to the shooting, can supply the missing answers.

The woman, Iva Williams, was recovering from shock at her Xenia home after living through several terrifying minutes at the nearby Ohio Soldiers' and Sailors' Home Thursday.

**Shot At Orphanage**

The state-operated home, an orphanage for children of disabled or deceased veterans, was the scene of the unexplained shooting.

Oxford, a food service worker there, apparently hid in a room of the main building until Mrs. Williams reported for work as a cafeteria supervisor. When she entered the room, patrolmen said, Oxford grabbed her and pointed a .38 caliber revolver at her head.

Mrs. Williams told authorities he threatened to kill her if she called for help. Thomas came on the scene and Mrs. Williams shouted to him that Oxford was going to shoot her.

Suddenly, three quick shots rang out and Thomas fell.

Oxford then shot himself in the head.

## CROSS-FILING BY CANDIDATES IS VOTED OUT

SACRAMENTO, Calif. (AP) — Californians can kiss cross-filing goodbye.

The Senate Thursday joined with the Assembly in voting to abolish the unique system which allows candidates to run on both party tickets in state primary elections.

Senate approval, 22-15, sent the legislation to Gov. Edmund G. Brown for his certain signature. The Democratic chief executive advocated repeal of cross-filing in his inaugural message.

The Assembly passed the bill by a wide margin.

**46 Years Old**  
A reform Legislature installed cross-filing 46 years ago. It long had helped incumbents win reelection in the primary. Until recently, most offices were held by Republicans.

Repeal of the law has been a fixture in the state Democratic platform. This is the first Democratic Legislature since 1898. Democrats snapped up all but one state office last fall.

The overturn of cross-filing will mean the end of widespread double nominations in state primaries. Republicans will be able to vote only for Republican candidates and Democrats for Democrats.

Final debate touched off warnings, and denials, that removal of cross-filing would lead to party bossism. It also developed an unusual political situation.

**Warns Of Party Bosses**  
The Senate majority leader, Hugh M. Burns (D-Fresno), led opposition to the bill which the Assembly majority leader, William A. Munnell (D-Montebello), introduced for the governor.

Burns declared repeal of cross-filing would restore party bosses.

ROME (AP)—An Italian woman grabbed British Queen Mother Elizabeth today, shouting "bread and work! bread and work!"

Four policemen pulled the hysterical woman away and hauled her off for investigation.

The queen mother, who was on a sightseeing tour of Rome, did not appear ruffled.

She waved to the stunned crowd of about 400, stepped into her car and rode off.

Princess Margaret was sightseeing elsewhere today. She and the queen mother arrived Monday for a holiday visit. They return home Saturday.

SYDNEY, Australia (AP)—Billy Graham's crusade headquarters today claimed an attendance of more than one million since he began his Australian crusade Feb. 15.

This is a tenth of Australia's total population, but thousands have heard him more than once. His campaign reaches the halfway mark this weekend.

"We thought it would be just fine if we could touch the million mark in Australia; and now we've reached it before the campaign is halfway over," said crusade director Jerry Beavan.

Sen. James A. Cobey (D-Merced), guiding the bill through the Senate, said it would get rid of a "completely illogical and hypocritical process."

## BILLY LOES, RICHARDS ON GOOD TERMS

BOSTON (AP) — Baltimore Orioles Manager Paul Richards and pitcher Billy Loes, who usually sing on different keys, have shown unusual harmony in recent days.

Just two weeks ago after a trade sending Loes to the Washington Senators was voided, Richards moaned that it would be difficult to trade the pitcher to another team. "Who'd want him?" the manager asked.

And last year after Richards doubled a \$100 fine and three-day suspension given Loes by the American League, Loes vowed, "I'll never play again for Richards."

But Thursday Richards was singing a different tune.

"It looks like Washington might have refused to take our best reliever," he said after the Orioles 3-7 victory over the Red Sox. Loes had preserved the one-run lead coming on to pitch two scoreless innings in relief for the second consecutive day.

Richards also said recently that Loes was misunderstood.

"There are a lot of people who think Loes doesn't care whether he wins or loses," the manager said. "That's not true."

Loes agreed with his boss. "Sure I care whether I win or lose," the pitcher said. "Nobody likes to get beat."

Loes, who has demanded often that the Orioles trade him, now says he'd like to pitch for the team.

"I'd like to help this club," he said. "This club's got a good chance to finish in the first division."

# CASTRO VISIT SEEN BENEFIT TO CUBANS; BUT MUST PRODUCE

By WILLIAM L. RYAN—  
Associated Press News Analyst  
Fidel Castro's visit to the United States apparently has done a world of good both for him and for American understanding of what happened in Cuba. But unless Castro puts to work what he appears to have learned in this country, his future and that of the Cuban revolution will be in danger.

The Castro I saw Thursday, when he was the guest of the Overseas Press Club in New York, was still an astonishing personality. But in some respects he differed much from the Castro I saw in Havana after the revolution overwhelmed the Cuban capital.

He seems to have learned some humility. Watching him fielding tough questions from veteran overseas reporters, one felt he had concluded that if there is to be proper understanding between North Americans and Cubans, he would have to be a heavy contributor to it. In fact, he said part of his mission was to "wipe out the prejudice of us to you and you to us."

**Has Innocent Look**  
The young prime minister, still wearing army fatigues, bushy beard and innocent look, captured and captivated his audience. But he failed to dispel all the nagging doubts about him and some of those who surround him.

Elouquently he defended his own ideas of revolutionary justice. The firing squads, he insisted, were an example to present and future police and soldiers "so they never again will torture for political purposes."

The ideas he propounded seemed noble enough. But often 32-year-old Castro seemed to be a man way off on cloud 9, far removed from the realities of politics, economics, government and life.

**Uniform Disturbing**  
Castro's uniform itself is disturbing. A prime minister in uniform indicates a military government. Military government suggests dictatorship. It would seem wise for him to discard his hero's garb, to don civilian dress and get down to the hard work of making a government function.

Cuba's economy is shaky. Castro needs help if he, his government and hopeful revolution are to survive.

There are forces at work inside and outside Cuba anxious to bring Castro to his knees. His enemies outside the country have much more money than backed Castro's revolution. His internal enemies include trained soldiers discharged from the Batista army. They may number many thousands more than the rag-tag band of guerrilla fighters who took to the woods with Castro and his 26th of July Movement in 1956.

## Plan Banquet For Mothers May 10

Mother's Day will be observed with a Mother-Daughter dinner and program at Elias Lutheran Church, Emmitsburg, Sunday evening, May 10 at 6:30 o'clock in the parish hall. The men of the church will serve the dinner with the mothers and daughters of the congregation as their most honored guests.

Committee chairmen for the affair are: James Sanders and Harry Troxell, general chairmen; program, Ed. Smith, table arrangement; Harry Hahn, decorating; Dr. J. W. Houser, reception; Robert Daugherty, cooks; Robert Orner, waiters.

Approximately 100 men will prepare and serve the dinner.

## Baby Sitter Saves Kiddies From Fire

LONG BEACH, Calif. (AP)—A 68-year-old baby sitter suffering from a heart ailment braved flames to rescue three children from their burning bedroom Thursday.

"I prayed to God, please, no heart attack, please let me save these children," said Florence Paradis, a grandmother.

She groped through smoke and flames to rescue Timmy Braswell, 7; his sister, Marsha Anne, 15 and a brother, Johnny, 10.

Firemen said the fire probably was caused by a defective cord on an electric clock. Damage was estimated at \$2,000.

Ever wrap small rectangular crackers with bacon and broil?

Perhaps a counter-revolution would not have much popular support now, but support would tend to mount if disillusion set in.

**Wins Public Support**  
The disillusion can come if the economy of the rich island nation is unable to recover from a post-revolutionary tailspin.

Castro has won much public support in the United States by his visit. He probably can win important U.S. government assistance. If he has a mind to, he also may reactivate the confidence of American private investors in Cuba's economic future. But, as Castro said, it is a matter of removing "prejudice of us to you and you to us." He cannot accomplish these things unless he and the Cuban government can get seriously to work.

**Still Is Adored**  
Castro still is adored by his followers. But in Cuba they cannot live forever on enthusiasm. If his economic policies and, indeed, his approach to politics, eventually breed disillusion, the disappointment and bitterness will be all the greater because he was such a popular hero.

In broken English, Castro quoted Abraham Lincoln as saying "nobody can fool anybody for long time." He would be well advised to heed those words. If his followers believe Cubans will be satisfied indefinitely with glory and hero-worship, they will be fooling themselves.

# COMMUNISTS REACTIVATING PEACE GROUP

By THOMAS P. WHITNEY  
AP Foreign News Analyst  
The Soviet Communists seem to be in the midst of a major effort to reactivate the World Peace Partisan movement which has been quiet since Stalin died in 1953.

This may have ominous significance to the West. Stalin put the World Peace Partisans in motion on a big scale 10 years ago when he was planning a most active and aggressive drive against the West. The Peace Partisans acquired particular significance for the Kremlin during the Korean War with their warlike attacks on the United States and United Nations forces.

The Peace Partisans became a sounding board for Soviet and Chinese Communist accusations that the United States engaged in bacteriological warfare.

**Soviet Policy Arm**  
The World Peace Partisans have served as a direct arm of Soviet foreign policy. They aim to draw people into Communist causes by appealing to the universal desire for peace.

In Moscow major editorials have been published calling for greater peace partisan activity. A meeting of the World Council of Peace is scheduled in Stockholm in the near future.

One of the May Day slogans for the Soviet Union is: "Peoples of all countries! Intensify the struggle for maintenance and strengthening of peace, for universal security! Decisively expose the imperialist warmongers! For a firm peace and cooperation between peoples."

This slogan is straight out of Stalin's time.

## Hits Perfection In Short Career

SPRINGFIELD, Ohio (AP)—It was 14-year-old Joe Borst's first trip to the golf course. He looked at the 160-yard par three hole at Synder Park, took out his driver, swung at the ball and watched it bounce into the hole for an ace on his first golf shot.

The excited youth raced to the club house to tell pro George Smith.

"What will I do now," he said. "You'd better quit, son," quipped Smith. "You can't get any better."

## Had Numbers Of Stolen Dollar Bills

LOS ANGELES (AP)—Who'd ever think of writing down the serial numbers of all their dollar bills?

Pearl Richards did. Now she's seven bucks richer — that is, she's not seven bucks poorer.

Her wallet was stolen last week from a cafe she operates. A transient cook was arrested Thursday for a burglary. In his pocket, police found seven dollar bills.

They turned out to be Mrs. Richards' bills.

She knew the numbers because she was saving the bills in hopes of winning a television station's "lucky buck" contest.

WASHINGTON (AP)—Brig. Gen. Robert W. Daniels of Chambersburg, Pa., was cleared today in the auto accident death of his wife here last Oct. 30.

Mrs. Daniels was crushed to death when a car driven by the general struck a tree.

A coroner's jury returned a verdict of accidental death at today's inquest.

Daniels, 63, a patient at Walter Reed Army Hospital, attended the inquest on crutches, his right leg in a brace because of fractures suffered in the accident.

# COMMISSION ON BOATING IS PROPOSED

HARRISBURG (AP)—State officials are studying the possibility of setting up an independent commission to regulate boating in Pennsylvania—a sport that is gaining popularity by leaps and bounds.

However, Gov. Lawrence's Advisory Committee on Water Vehicle Safety was told Thursday that any such action will have to await further study.

O.D. Shipley, director of the Revenue Department's Highways Safety Bureau, proposed that enforcement be handled by the State Fish Commission at least until study can be made of revenue from new licensing fees. He said the commission would have to depend on the fees for its livelihood.

The proposal was supported by Robert E. Synnestevedt, of Jenkintown, who declared:

"Hunters have their game commission, fishermen their fish commission, why not give the boaters their boat commission?"

Synnestevedt, committee vice chairman, opposed Shipley's plan for giving control to the fish commission.

Opposition from Delaware River and Lake Wallenpaupack interests over Fish Commission enforcement of new boating laws was evident during the committee's meeting.

The group also approved a Shipley proposal that a program of water safety education be undertaken within 30 days, but the meeting broke up without any final discussion of implementing the proposal.

Agreement was reached that proposed penalties in any water safety law be lowered to a range of from \$10 to \$50. A flat \$50 penalty had received tentative approval at a previous meeting.

The group also discussed new water safety legislation. It decided to meet again next Thursday to take final action.

# Nehru Invites Reds, Puppet Ruler To Visit Lama In India

By HENRY BRADSHAW  
MUSOORIE, India (AP)—Prime Minister Nehru today invited Chinese Communist representatives and their puppet ruler of Tibet, the Panchen Lama, to visit the Dalai Lama at his refuge here in north India.

Nehru said he hoped the Dalai Lama, Tibet's 23-year-old spiritual and temporal ruler, would return to Lhasa, the Tibetan capital. It was an obvious bid to reconcile the Red Chinese government and the Tibetan god-king, who fled from Communist domination of his homeland.

The Indian Prime Minister made his peace overture in an impromptu news conference two hours before meeting with the Dalai Lama. Nehru arrived from New Delhi earlier today.

**Will Welcome Visit**  
"I will welcome the Panchen Lama to come and meet the Dalai Lama and wherever he likes," said Nehru.

The prime minister said "the door is open" for the Chinese ambassador to India or any high representative of the Peiping government to see the Tibetan executive, who has set up headquarters in exile in a large mansion in this Himalayan hill station.

Nehru has refused to condemn the Chinese Communists for the repression of the Tibetan rebellion. But he has said India's sympathies are with the Tibetans and that autonomy, or local self-government, is the only ultimate solution for the situation in Tibet.

Nehru also made clear to the newsmen that he hopes the Dalai Lama would say nothing to upset further relations between India and the Red Chinese, already strained by the widespread Indian sympathy for the Tibetan rebels and the Indian government's publication of the Dalai Lama's statement denying Chinese Communist charges that the rebels forced him to leave Lhasa.

OAKLAND, Calif. (AP)—Nancy Barr Mavity Rogers, 68, author, critic and newswoman of the Oakland Tribune staff for 34 years, died Thursday of a heart attack. Mrs. Rogers, literary editor of the Tribune since 1943, was the wife of Edward (Doc) Rogers, Tribune photographer.

## New Laws Will Aid Buyer Of Fabrics, Give Tighter Control Of Food Additives

By MRS. HELEN TUNISON  
Associate Home Economist

Have you found it hard to identify the fiber content of many modern fabrics? Congress has passed the fiber labeling bill that will help you solve this problem. The rules and regulations of the bill are now being clarified and will become effective in March, 1960.

The new requires cotton, silk and man-made textile fibers to be labeled with their percentage by weight listed in the order of predominance. Less than five per cent of a fiber does not require identification.

False or deceptive statements about fiber contents will be prohibited on labels or in advertising. For example, to call a simulated fur fabric "mink-like" will be considered deceptive, thus unlawful.

**Optimum Content**  
Dacron, nylon and cotton content on a label will need to be clarified and percentages stated. For example a garment made of 65 per cent Dacron or more and the remainder of cotton has good wash and wear characteristics and is durable, but less than 65 per cent Dacron blended with cotton

commercial mixes the smart way. She gives priority to ones that save her the most time for the least money.

A recent pilot study of 10 homemakers in Minnesota compared cost and time requirements of making baked products "from scratch" and from commercial mixes. By using mixes, homemakers saved one-third the time needed to make a cake, one-half the time for cookies, and one-fourth the time for biscuits and pie crusts. Commercial mixes were more expensive than the individual ingredients for these products. They cost one-fifth more for cakes, one-half more for biscuits and cookies, and three-fourths more for pie crust.

Findings of a nationwide 1955 household food consumption survey show that homemakers are balancing time, savings and money costs in their uses of mixes. Cake mix—the best bargain in terms of time saved for money spent—was the mix most frequently used. Next in order were biscuit, pie crust and cookie mixes.

In general, among women who did home making, the city homemaker was more likely to use a mix than was the farm homemaker. During the survey week, 56 per cent of the urban homemakers who baked a cake used mixes, compared with 34 per cent of farm women. Cookies were made from commercial mixes in 20 per cent of the city kitchens and 8 per cent of those on the farm. In the city, homemaker biscuits came from mixes 31 per cent of the time and pie crust, 21 per cent. On the farm, the figures were eight per cent of the time for biscuits and pie crusts.

**Must Prove It Safe**  
An amendment to the federal Food, Drug and Cosmetic Act, effective early in 1959, will require the manufacturer or promoter of a food additive to prove that the substance is safe for its intended use before he markets it. Hereafter the law has prohibited the use of harmful substances in foods, but it has been up to the Food and Drug Administration to prove them harmful. This report must give information about the composition of the substance, how it is to be used, how it will affect the food, and how the investigation of its safety was conducted. If the FDA accepts the report, it will issue a regulation stating the foods in or on which the substance may be used, the maximum amount to be used, the method of use, and, where essential to public health protection, how the food must be packaged or labeled.

Explorer posts of the Black Walnut Boy Scout District were assigned duties for the district camporee to be held near Fairfield May 22, 23 and 24 at a meeting of the district Camping and Activities Committee Thursday night at the Aspers Fire Hall. The campment will be held in Frohmyer's Woods, near Jack's Mountain, starting at 6 o'clock Friday evening, May 22, and concluding Sunday afternoon, May 24, at 2:30 o'clock with a retreat ceremony.

According to the schedule outlined Thursday, Explorer Post 70 will assist the camporee staff; Posts 71 and 89 will be responsible for the water supply; Post 73 will construct a bridge over a stream and demonstrate the method by which it was built; Post 75 will have charge of the Friday night campfire program and Post 124 the Saturday night campfire.

**Other Assignments**  
Post 76 will mark the roads and trails. Post 77 will direct traffic. Post 78 will be in charge of first aid and communications. Post 79 will be in charge of the

final cleanup and inspection. Post 84 will construct a fire tower and demonstrate the method of construction.

Plans call for a parking area near the campsite. All Scouts and leaders will hike from the parking area to the camporee by patrols, carrying their equipment. The camporee area will be one-half mile from the parking area. Physically handicapped Scouts will have the option of riding to the camporee.

Each unit is to construct its own gateway which is to include the troop and patrol flags. Gateway materials may be trucked from the parking area to the camporee area.

All camping will be by regular patrols. All cooking will be done by the boys on a patrol basis. Units may bring charcoal, or wood will be available at the site.

Uniforms and packs will be inspected when the Scouts arrive at the camporee, and other inspections will be made during the three-day event. Registration and menu sheets are to be presented at the registration area upon arrival.

Explorer posts, currently formed as a unit with a president, will form into natural patrols for the camporee.

Cubs will be guests Saturday, May 23, from 5 to 9:30 p.m. Instruction will be on scoutcraft, and the Scouts will automatically pass first and second class requirements.

The staff will include Paul Hollinger, director; Ray Weishaar, assistant; Paul Kuhn, registrations; Jack Orner, campfire director; Dan Bucher, awards chairman, and Paul Evans, Cub Scout activities chairman. The authority approved a resolution for the purchase of the New Oxford Drainage Co., a privately owned sewerage system that now serves about 135 of the 485 businesses and residences in the borough, for \$7,500. This purchase is subject to the approval of their borough council.

In addition to the construction cost and the purchase price of the drainage company, engineers' and legal fees, cost of some rights of way and land, purchase of additional water meters, financing costs and a contingency fund will be included in the bond issue amount.

The contract 2 bid, Greenlund explained, is based on unit prices so that the final total may vary from the \$303,641 bid total. The bid is based on 20 per cent rock in the excavation. Greenlund said that this is believed to be adequate. One of the authority members questioned what effect 50 per cent of rock would have and Greenlund estimated that the cost would go up about \$20,000 should this occur.

#### No Front Foot Charge

Charles W. Wolf, attorney for the authority, said that assessment of property owners on a front foot basis had been discussed earlier but was discarded because its application is complicated and often the subject of contention between property owners and municipal officials.

The \$200 connection fee proposed was defended on the basis that it would make possible the retiring of more bonds at an earlier date. It was estimated that interest savings of \$3,000 to \$4,000 per year for the 40-year

## Advertisement "Sound And Fury" Soon At Majestic

Jerry Wald's CinemaScope production for Twentieth Century-Fox of William Faulkner's "The Sound and the Fury" will open Wednesday for four days at the Majestic Theatre. Yul Brynner, Joanne Woodward and Margaret Leighton head a powerful cast which enacts this emotional tour de force that probes into their lives of an old and once proud Southern family. It is both a story of weakness and strength, of absorbing interest and excitement.

Set in the mythical town of Jefferson, Mississippi, as are most of the Nobel and Pulitzer Prize winning author's stories, the drama revolves around the personality of Jason Compson, the adopted son of the family, who tries to free at least one member of the clan, Quentin, his stepfather's illegitimate daughter, from the blight that had plagued them so long. Jason's personality, hard and dynamic, is the motivating force that relentlessly drives the film forward.

Yul Brynner portrays this role, requires him to wear a hairpiece, which is apart from anything he

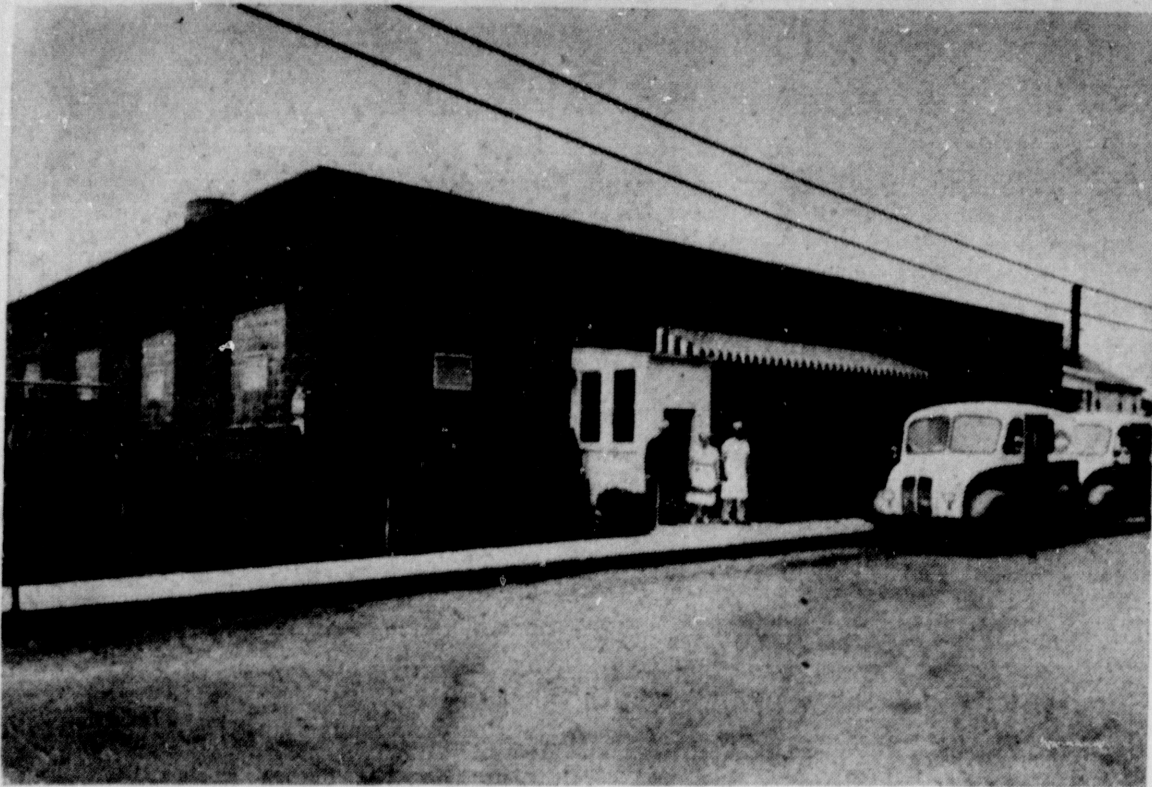

has ever attempted before. It even As the seventeen-year-old Quentin, a tortured adolescent, Joanne Woodward has a role commanding every bit the artistry and forcefulness of her Oscar-winning "The Three Faces of Eve." Margaret Leighton, a stellar light on the London stage, who scored an American triumph in the Broadway hit, "Separate Tables," makes her U. S. film debut as the stepfather who abandoned her child shortly after birth.

Britcher and Bender's store has been serving this community at the same site for a quarter century. It was in 1934 that Frank Britcher and George Bender, both then employed at the former Stallsmith's Drug Store on what is now Lincoln Square, formed a partnership and bought out the

Britcher and Bender came here from Hanover. Mr. Bender came here in 1917 and Mr. Britcher, a pharmacist, came to Gettysburg in 1920 after the World War I military service. He had been attached to the dispensary at Camp Lee, Va., during his military days.

## Harry Bridges Put On Grill

LOS ANGELES (AP) — While cargo-handling for 32 ships at Los Angeles harbor came to a standstill Thursday, Harry Bridges held a three-hour secret meeting with 3,500 stevedores.

The fiery president of the International Longshoremen's and Warehousemen's Union flew from New York to explain his testimony before the House Un-American Activities Committee. He claimed he was misquoted in news

accounts saying he would seek aid from both Communist and free nations if longshoremen go on strike.

Bridges promised to make transcripts of his testimony available to union members "so they'll know what I said and didn't say."

Another issue was the sudden resignation of ILWU Regional Director Peter Moore, a longtime Bridges supporter. Moore was unavailable for comment. There were rumors among the rank-and-file that Moore was upset over Bridges' preoccupation with what some described as non-union matters.

Bridges declined to say why Moore resigned.

## NO GREEN STAMPS

COLUMBUS, Ohio (AP) — John Volz, a defendant on the losing end of a civil suit, had just one question for Municipal Court Judge Wilbur L. Shull after the judge ordered him to pay a gas station operator \$86.31. The question: Was he, Volz, entitled to trading stamps for the amount he had to pay? The answer: No.

## MISADDRESSED

LOUISVILLE, Ky. (AP) — Kenny Sherrard, a mail carrier, meets all kinds of people.

"But nothing will top the man who ran out of his house after I'd dropped a letter marked 'occupant' in his box," Sherrard recalls.

"Hey," the man yelled, "no-body by this name lives here."

## Red Pencil Keeps Grades Up To Par

MILWAUKEE (AP) — Mrs. Roy Klein was excited about her son's grades — for two weeks.

She had told him he would get a nickel for every 100 paper he brought home. For two weeks there were quite a few perfect papers.

But one day a depressed James had to admit: "I can't get any more 100s. I lost the red pencil grandma gave me."

## Bill To Lift Immunity On Damage Claims Is 'Dead'

HARRISBURG (AP) — Legislative proposals to make churches, hospitals and similar publicly supported institutions subject to damage suits were written off as dead today.

Both Chairman William Z. Scott (R-Carbon) of the Senate Judiciary General Committee and Chairman Harold B. Rudisill (D-York) of the House Judiciary Committee said the bills had no chance of passage in the 1959 session.

"From my conversation with other members of the Legislature I see no possibility of this measure being passed," Scott told The Associated Press.

**Back To Committee**  
Rudisill's committee approved such a bill March 10 but it went back to his committee April 13.

"Even the sponsors felt there was too much opposition and sent it back to committee," Rudisill said.

Principal opponents of the legislation were the Pennsylvania Hospital Assn. and church groups.

The bills would have removed the immunity enjoyed by charitable, religious and nonprofit organizations from liability suits whether or not they contribute toward an accident of another party.

The law now says, for example, if a hospital employee carelessly leaves a cake of soap in a hospital corridor, you slip on it and hurt yourself, you cannot sue for damages.

**Approved To Immunity**  
Sen. Thomas A. Ehrigood (R-Lebanon), a leading proponent of removal of such immunity, said churches and hospitals could carry insurance to protect themselves from damage suits.

"Many charitable institutions already carry such insurance," he said in an interview. "My idea is to do what New Jersey has done. Put a \$10,000 ceiling on the amount of a liability suit that can be brought against a charitable institution."

**Financial Squeeze**  
Rep. Edwin W. Tompkins (R-Cameron) said something should be done in this direction, particularly for motor vehicles operated by a hospital or church organization.

He said they can carry insurance to protect themselves.

The Hospital Assn. said its members are already caught in a financial squeeze and that making them subject to liability suits would worsen their situation.

"Whatever injustice there may be in not compensating the individual who has been injured by a hospital employee, the alternative would be a greater injustice to the sick and injured collectively—for every private judgment paid from the hospital's funds would reduce the quality or quantity of patient care," the association said.

John Jacob Astor founded a settlement at the mouth of the Columbia River in the state of Washington in 1811.

## TV PLAY IS GIVEN PRAISE

NEW YORK (AP) — Sir John Gielgud scored an outstanding acting success Thursday night with his American television dramatic debut in "The Browning Version."

The "Du Pont Show of the Month" offering on CBS-TV, directed by John Frankenheimer, told the story of a once-brilliant Greek scholar humiliated by a faithless wife, illness, the scorn of his fellow teachers and the mockery of his students.

Playing Andrew Crocker-Harris is a middle-aged teacher who had no self-pity, Gielgud brilliantly developed a hero from what might have been merely a pathetic character.

Margaret Leighton was superb in the role of his nagging, unfaithful wife Nellie. There were fine performances by Robert Stephens, Cecil Parker, and Rhonda Streeter.

Although I am not familiar with Terence Rattigan's one-act play, I thought the adaptation by Audrey Gellen and Jacqueline Babbin was very well done and showed no strain from expansion into a 90-minute drama.

## Lost Pooch Is Returned By Cab

SAN MARINO, Calif. (AP)—San Marino is an exclusive Los Angeles suburb, noted for its millionaires. The relationship between the citizenry and the police department is something special.

The police notified Emilie E. King her dog Jackal had been picked up, having violated the city ordinance against dogs running loose.

Would she care to come down to the station and retrieve Jackal and accept a notice of violation? Mrs. King said she couldn't make it, but she was anxious to get the dog back. So Jackal was put in a taxicab by officer Wayne Bramstedt and rode home in style.

The notice of violation rode with him.

## Burglar Is Poet To Boot; Missed Loot

LOS ANGELES (AP)—A burglar ransacked the home of Edgar A. Patterson and left this message, scrawled in lipstick on a bedroom mirror:

"It is with regret,  
"Your good I beget,  
"But for over a week,  
"I ain't won a bet."

Not much of a poet and not much of a burglar either. He took a hi-fi set but overlooked Mrs. Patterson's mink coat.

## KHRUSHCHEV AND NASSER MAY MAKE UP

CAIRO (AP) — Soviet Premier Nikita Khrushchev has suggested to President Gamal Abdel Nasser that they patch up their differences, reliable informants said today.

Nasser is expected to agree to a reconciliation with the understanding that the Soviet premier will not oppose his campaign against Communists inside the Arab world.

Egyptian informants said such a reconciliation would not necessarily mean any worsening of Nasser's relations with the West. The United Arab Republic is quietly trying to improve commercial dealings with several Western countries, and anti-Western propaganda has been muted.

**Offers Olive Branch**  
Informants said Khrushchev held out the olive branch to the U.A.R. president in a letter delivered by Soviet Ambassador E. D. Kisselev on Monday.

The Soviet Premier reportedly agreed to refrain from interfering in Arab internal affairs and asked for a return of normal relations with the U.A.R.

Soviet economic aid and arms being given the U.A.R. make it clearly in Nasser's interest to get back on speaking terms at least with Khrushchev.

## Says Hard Choices Ahead For U. S.

NEW YORK (AP)—Secretary of Defense Neil McElroy, warning that Soviet economic progress threatens America's leadership of the free world, told the nation Thursday night it faces sacrifices and hard choices to meet the challenge.

"The only way I know to meet Soviet economic competition is to increase our own output," he said.

"It may force us to make some hard choices. It may mean that our people will have to learn to get along with less in current consumption."

The defense secretary addressed the 46th anniversary dinner of the Bureau of Advertising of the American Newspaper Publishers Assn.

Jim Bailey of Strawberry Plains, Tenn., won 10 games for Nashville last season. He is the younger brother of Cincinnati catcher Ed Bailey.

## Freud's Grandson Divorced By Wife

LOS ANGELES (AP) — The grandson of the late psychoanalyst Sigmund Freud was divorced Thursday after his wife testified he said he didn't care what happened to their marriage.

Irish-born writer Caroline Blackwood Freud, 27, was granted a default decree. Her husband, Lucian Freud, 35, a portrait artist, is in London, where the couple was married in 1953. He did not contest the action.

Mrs. Freud did not ask for alimony. They had no children.
